

VILLAGE GREEN

Practical travel

Smarter travel checklist

Small, practical ways to make everyday journeys work better in North Yorkshire

Not every journey can be avoided, especially in rural areas. But a few small changes can help you save time, save money and cut unnecessary travel.

-  1. Check what I need before I leave
-  2. Combine errands into one trip
-  3. Plan the best route and time to travel
-  4. Walk or cycle short local journeys where possible
-  5. Consider the bus or community transport
-  6. Share lifts when it makes sense
-  7. Support local shops and services while I am out
-  8. Keep a running list to avoid repeat trips
-  9. Ask: does this journey need to happen today?
-  10. Make one journey count for more

Before I set off

What do I need to do today?

What can I combine into one trip?

Could I walk, cycle, share a lift or use the bus?

What is the best time to go?

Why it helps

Save money

Spend less on fuel, parking and travel.

Save time

Smoother journeys with less stress.

Cut emissions

Lower your carbon footprint.

Support local communities

Keep money in the local economy.
